Our Expertise and Scale| We are national leaders in the healthcare transportation industry; experience in urban and rural markets

National Experience

23 years of experience. Manage member transportation for Medicaid, Medicare, Dual and Commercial

**24 million members
across 48 states**

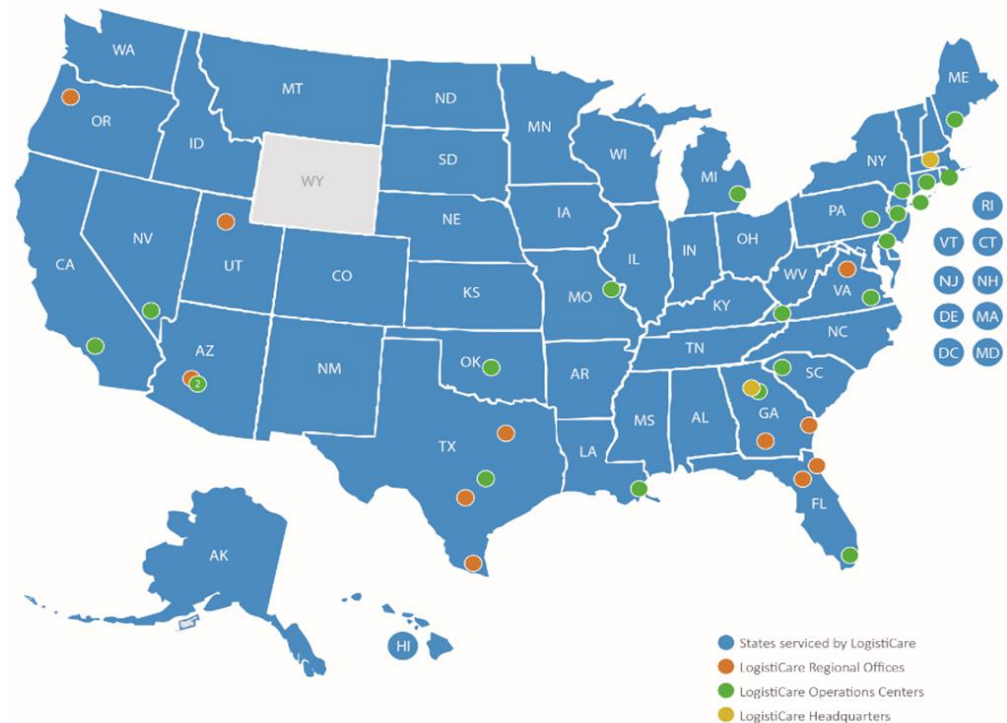

67 million trips annually

22 million calls annually

**238 Client programs
(State & Managed Care
Entity)**

We deliver a holistic transportation solution focused on improving convenience, member satisfaction, and system efficiency

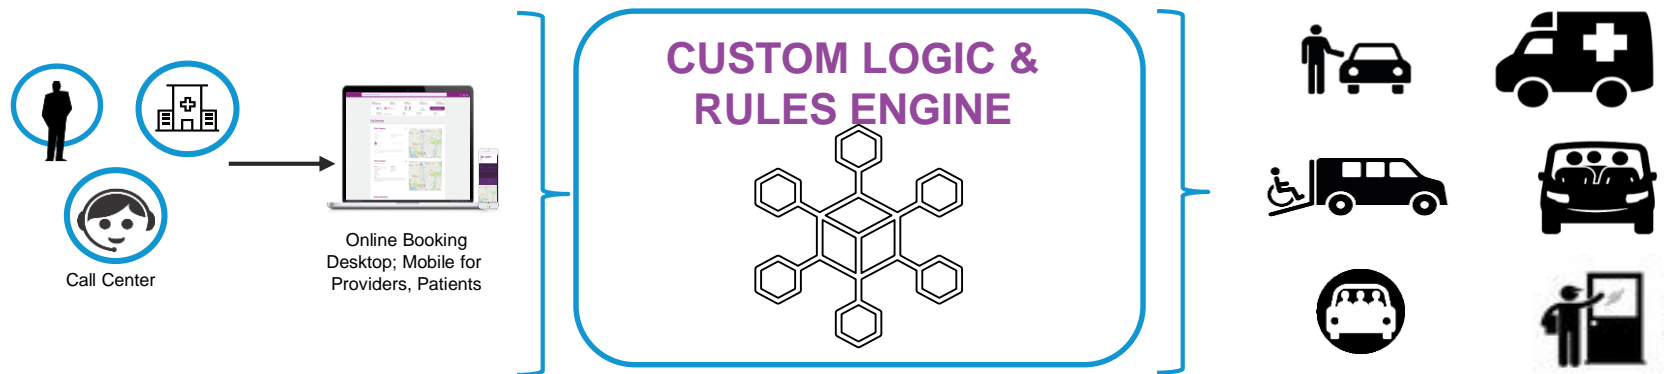

- **Member Experience:** Unique focus on member convenience, empowerment and high satisfaction levels
- **Community Engagement:** Active engagement of key community and provider facility stakeholders to listen to feedback and iterate on product and execution
- **Network Services:** Strong network in Indiana. Ability to rapidly scale and meet high service level standards
- **Benefit Management:** Programmatic enforcement of desired utilization consistent with regulations; proactive measures to minimize fraud, waste and abuse
- **Analytics & Reporting:** 24/7 ride monitoring plus analytics on utilization metrics and performance levels. Custom reporting also available
- **Call Center Support:** Call center service to support care/case managers, member, and facilities. 24/7, multi-lingual coverage

Business Model Overview: Fits easily into existing client workflow and enables ride scheduling and viewing from multiple parties

1. RIDE REQUEST

2. MATCH APPROPRIATE RIDE

3. RIDE DELIVERED

Urgent Transportation Needs

Urgent transportation needs are those that while there is no immediate threat to life or limb, the member must be seen on the day of the request and treatment should not be delayed.

LogistiCare may verify directly with the medical provider to confirm the need for urgent services.

Valid requests for urgent care transportation shall be honored within three (3) hours of the time of the request.

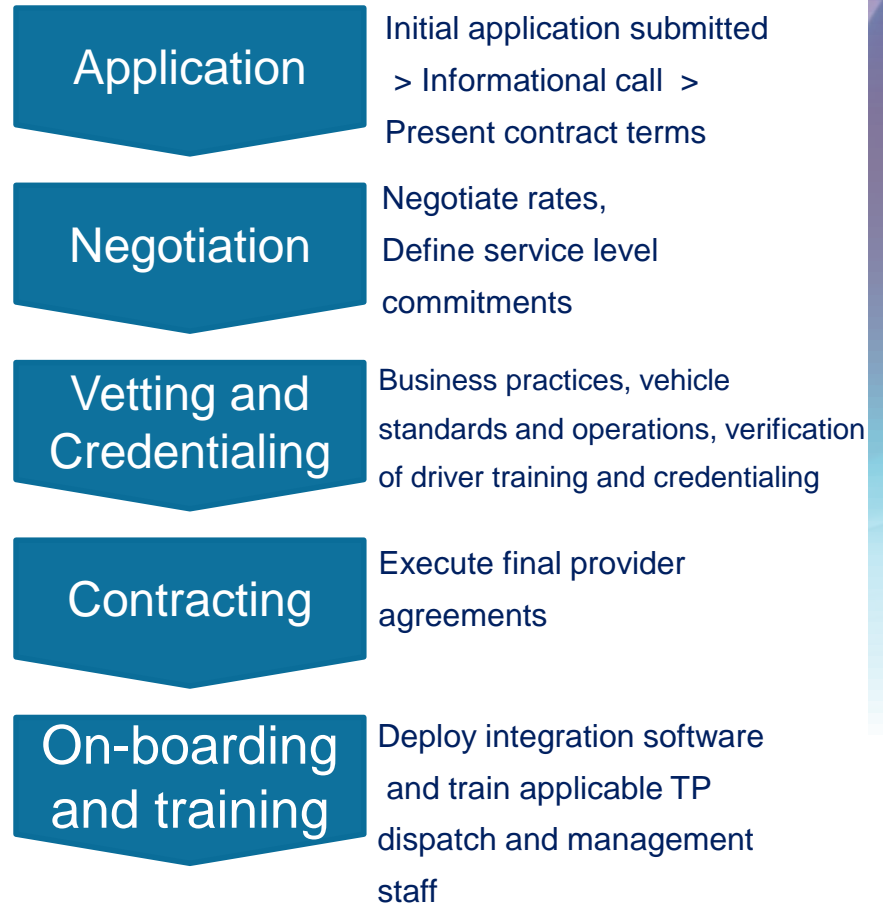

It is not considered urgent if the member forgets to schedule their appointment.

Compliance – Our Provider Credentialing Approach
